

Watermelon

Cracker Jack (E26C.00063)

Description:

Cracker Jack (E26C.00063) has a very strong plant, that emerges well in the greenhouse as a transplant and continues to provide a strong vine throughout the growing season. The uniformly setting blocky oval fruit, offers a firm flesh with a very deep red internal color when cut. Cracker Jack has an early maturity of 81 - 83 days. Average weights are from 15 to 19 lbs.
